EMC Filters for AC Power Supply Adapter

FEATURES

- These plug-in type EMC filters provide highly effective attenuation of high-voltage pulses power lines.
- Noise in the MF and HF bands are suppressed with outstanding efficiency.
- Leakage current is maintained at less than 0.5mA.
- An overcurrent protection function is built-in to provide added safety.
- This product plugs directly into AC outlets and is thus exceptionally easy to use. It is also highly effective as an EMC filter.
